### ***PART A - close colleagues***

*The term 'close colleagues' is defined as colleagues with whom the member of the Board / Board Committee has a close current or recent (covering at least the past 10 years) working partnership. It may be described in terms of college, faculty, department, or research group, and may include individuals or groups within or across institutions.*

*Where the conflict of Interest involves 'close colleagues' the member of the Board / Board Committee will not have access to documents, will not take part in discussions and will not take part in decisions*

#### **Please describe your 'close colleagues'**

I have worked for the European Association for Palliative Care (EAPC) for the last 8 years and my only close colleagues in Ireland are partners in one EU funded project.

DiaDIC – School of Psychology, UCD and another board member, Charles Normand TCD.

### ***PART B – Wider Community***

*Defined as the wider community for which the Board /Board Committee member might reasonably be considered to have shared interests or loyalty. The wider community may be interpreted to include current or previous (covering at least the past ten years) place of employment, colleagues and others who share business/ research interests (e.g., cancer prevention or obesity).*

*Where the conflict of Interest involves 'wider community' the Board/Board Committee member may not have access to documents, take part in discussions or take part in decisions. A final decision in respect of specific items of Board/Board Committee business will be made by the Chairperson, normally after consultation with the member.*

**Please describe your 'wider community'**

None – I have worked for a European palliative care organisation for the last 8 years and do not work closely with Irish colleagues. My organisation is involved in several EU funded projects (currently H2020, Erasmus and Horizon Europe) in one of these there is an Irish partner UCD and Trinity College. A further two Horizon Europe projects (INSPIRE and NAVIGATE) will commence later in 2022 where Trinity College are a partner, one via Board member Charles Normand and one with Professor of Palliative Medicine (UCD and TCD).

**Part C – Domains of business/research**

*Domains of business/research in which the Board / Board Committee member is actively involved. Domains may be defined in terms of topics or methods/methodology. Depending on the context, this may be narrower or broader*

*Where the conflict of interest involves 'Domains of business/research' the Board/Board Committee member would take part in general discussions in these areas but would not take part in formal decisions relating to funding streams the specifically focus on these areas.*

**Please describe your 'Domains of business/research'.**
