UNIVERSITY
OF MEDICINE
AND HEALTH
SCIENCES

Research Data Governance Board

Established in early 2021, with a role in:

- Determining the eligibility of the applicants, both individual applicants and the research organisations
- Determining the validity of the research in addressing COVID-19 related research
- Providing recommendations to the CSO on access to its supported service to use the COVID-19 Data Research Hub
- Monitoring the demand for and use of the COVID-19 Data Research Hub and its supporting CSO service
- Informing wider discussion on a health data access and linkage service for Ireland

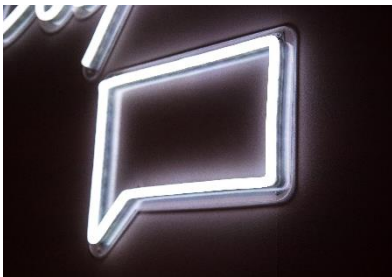

Membership

- Prof Patricia Kearney, UCC
- Prof Catherine Comiskey, TCD
- Dr John Howard, UCD
- Ms Rosalyn Moran, EKOS
- Dr Frank Moriarty, RCSI University of Medicine and Health Sciences
- Dr Anne Nolan, ESRI
- Prof. Akke Vellinga, UCD

Reflections from the RDGB

Evolving process

Developments informed by researchers

Lessons for supporting use of health data more broadly
