Notes: During the review and update period prior to the 2015 extract of data from the NIDD, 853 people were removed from the database and there were 1,094 new registrations, the largest proportion of these in the 0–9-year age group. The age and gender distribution by degree of intellectual disability of those registered on the database is summarised in Table 2.1, which shows the corresponding prevalence rates per thousand of the population.

Note: The following number of people are reported as accessing services from intellectual disability service providers but were not registered on the NIDD for the following reasons: Awaiting consent, Did not consent, HSE or agency resource issues. Many of these are children aged 0-7 years who are not registered on the NIDD as a result of resource issues within the HSE Disability Database and Early Intervention Teams.

In CHO Area 1 there were 293 individuals not yet registered on the NIDD.

In CHO Area 2 there were 61 individuals not yet registered on the NIDD.

In CHO Area 3 there were 38 individuals not yet registered on the NIDD.

In CHO Area 4 there were 279 individuals not yet registered on the NIDD.

In CHO Area 5 there were 2 individuals not yet registered on the NIDD.

In CHO Area 7 there were 29 individuals not yet registered on the NIDD.

In CHO Area 8 there were 33 individuals not yet registered on the NIDD.

In CHO Areas 6, 9 and parts of areas 2, 5 and 8 it was not possible to identify the numbers not registered.

Figure 4.1 Summary of service requirements of those registered on the NIDD, 2015

*'New service required' refers to a new type of therapeutic input that the individual does not currently receive.

†'Enhanced service required' refers to a change in the delivery of a therapeutic input that the individual currently receives. There are 7,880 individuals whose multidisciplinary support service change involves both a new service and an enhanced service, therefore the actual number of people requiring a new and/or enhanced service is $(15,641 + 12,193) - 7,880 = 19,954$

Note: The data in relation to certain day services^[1] are reported and interpreted on the assumption that:

- (a) where a service of this type already exists, it will be retained by the individual, even when another service is put in place, or
- (b) where a service of this type is new to the individual, it will not replace existing services.

^[1] The services involved include home support services, early intervention team, resource or visiting teacher, special needs assistant, home tutor, autism unit, home help, multidisciplinary support services, centre-based day respite service, and day respite in the home.
