

# National Physical and Sensory Disability Database Bulletin 2017

CHO Area 4: Kerry, North Cork, North Lee, South Lee, West Cork

Research. Evidence. Action.

## Numbers registered

There were 3,963 people registered on the National Physical and Sensory Disability Database (NPSDD) in Community Healthcare Organisation (CHO) Area 4 (Kerry, North Cork, North Lee, South Lee, West Cork) in December 2017. 106 (2.7%) of these records were reviewed in 2017, however there were no new registrations. The effective planning and provision of services is dependent on

reliable information on the numbers and service needs of people with disabilities, therefore it is essential that everyone who is eligible for inclusion on the database is encouraged to participate, and information is reviewed frequently to ensure it is kept up to date. **As 94.8% of NPSDD records in CHO Area 4 have not been reviewed in over 5 years, further breakdown of the NPSDD population registered are not provided.**
