

National Physical and Sensory Disability Database Bulletin 2017

CHO Area 6: Wicklow, Dublin South East, Dun Laoghaire

Research. Evidence. Action.

Numbers registered

There were 1,166 people registered on the National Physical and Sensory Disability Database (NPSDD) in Community Healthcare Organisation (CHO) Area 6 (Wicklow, Dublin South East, Dun Laoghaire) in December 2017. 268 (22.9%) of these records were registered or reviewed within the last 5 years. In 2017, 34 new records registered on the NPSDD and 61 existing records were reviewed. The effective planning and provision of services is dependent on reliable information on the numbers and service needs of people with disabilities, therefore it is

essential that everyone who is eligible for inclusion on the database is encouraged to participate, and information is reviewed frequently to ensure it is kept up to date.

As 77.0% of NPSDD records in CHO Area 6 have not been reviewed in over 5 years, further breakdown of the NPSDD population registered are not provided.
