

# National Physical and Sensory Disability Database Bulletin 2017

CHO Area 7: Kildare/West Wicklow, Dublin West,  
Dublin South City, Dublin South West

Research. Evidence. Action.

## Numbers registered

There were 3,322 people registered on the National Physical and Sensory Disability Database (NPSDD) in Community Healthcare Organisation (CHO) Area 7 (Kildare/West Wicklow, Dublin West, Dublin South City, Dublin South West) in December 2017. 709 (21.3%) of these records were registered or reviewed within the last 5 years. In 2017, 1 new record was registered on the NPSDD and 196 existing records were reviewed. The effective planning and provision of services is dependent on reliable information on the numbers and service needs of people with

disabilities, therefore it is essential that everyone who is eligible for inclusion on the database is encouraged to participate, and information is reviewed frequently to ensure it is kept up to date.

**As 78.7% of NPSDD records in CHO Area 7 have not been reviewed in over 5 years, further breakdown of the NPSDD population registered are not provided.**
