

# Funding for researchers and teams – the plan so far

Grant Holders' Conference  
11 February 2021

**Anne Cody PhD**

**Head of Investigator-led Grants, Research Careers and Enablers**

**Research. Evidence. Action.**

## In general...

- Most schemes aimed at investigators and career development continue
- In addition, some new targeted opportunities in collaboration with the DoH and the HSE
- Will continue participation in EU funding opportunities

# Calls currently open/in progress

- ERA-NET NEURON (2021) “Multinational and Translational Research Projects on Neurodevelopmental Disorders”
- ERA-NET JPIAMR-ACTION Call (2021) “One Health interventions to prevent or reduce the development and transmission of antimicrobial resistance (AMR)”
- Joint Programming Initiative ‘A Healthy Diet for a Healthy Life’ (JPI HDHL) 2021
- SFI-HRB-Wellcome Research Partnership
- Research visits ‘Ulysses’ (2021)

8 calls currently progressing (Collaborative Doctoral Awards, some clinical trial infrastructure, National Covid Biobank, Research Programme for Former Residents of Mother and Baby Homes and Related Institutions, Fulbright, Summer Student Scholarship)

# Calls to open in 2021

Subject to Board approval

Scheme	Q1	Q2	Q3	Q4
Emerging Investigator Awards (EIA)				
Investigator-Led Projects (ILP)				
Applied Partnership Awards (APA)				
Research Collaboration for Quality and Patient Safety (RCQPS)				
Conference and Event Sponsorship Scheme (CES)				
HRCI-HRB Joint Funding Scheme (JFS)				
Secondary Data Analysis Projects (SDAP)				
HRB Postdoctoral Internship (INT)				

**Timeline for SDAP and RCQPS updated since recording**  
**Please sign up to call notifications on the HRB website to never miss a call**

# Calls in the pipeline to open in 2022

- Postdoctoral awards: Applying Research into Policy and Practice (ARPP) and Clinician Scientist Fellows (CSF) (Q1)
- Variety of EU calls
- Knowledge Exchange and Dissemination Scheme (KEDS)
- Definitive Interventions and Feasibility Awards (DIFA)
- Clinician Scientist Award (CSA)

**Subject to Board approval**

# Some related topics

## Public and Patient Involvement in research (PPI)

PPI Ignite Network to start in March

Survey to inform what else the HRB might do to support PPI

Stock taking: Quality of PPI sections in applications 2014 vs now

## Research on research

Would like to strengthen the evidence base for some of our practices

Currently involved in a few projects (internal and external-led)

Will develop more formal approach

If you have a burning RoR question where you would like HRB data or input, please contact us
